

## Dharampeth M. P. Deo Memorial Science College, Nagpur

### ICT enabled tools for effective teaching-learning process.

In session 2020-21, teaching was shifted to online from offline due to covid pandemic. In this period ICT enabled tools impacted students learning and teachers teaching process.

- Learning management system, Microsoft team was used for effective teaching and the e- resources stored on it can be used for students for further learning for students
- Google forms were used for evaluating the students or getting the data from them.
- Zoom Platform was used for webinars, seminars and meetings.
- Total 11 projectors are there, 4 in class rooms and rest in Laboratories for effective teaching tools.
- Digital learning resources are there in most of the departments.
- Total 141 computers are there in the institute for Administrative, Practical's and teaching work.
- Most of the department specially Computer Science, Electronics and Physics use listened software tools/ packages used for practical's.
- Institute is having BSNL broadband Internet Access with Wi-Fi facility.
