The gender ratio of the country is highly imbalanced and hence there is necessity to increase the girl's number in the country. Keeping this in mind, the NSS volunteers have organised a rally on '*Bedi Bachao Beti Padhao*' in the village in evening. To make the rally effective and to give proper message to the villagers regarding save girl child the following slogans were recited during the rally, *Beta beti ek saman, yehi to hai aapki shan; Beti kudrat ka hai uphar, isko jine ka do adhikar; Beti nahi to ma nahi, ma nahi to jivan nahi; Jab jab khadi uthi hai nari, har kisi pe padhi hai bhari; Beti bachao, beti padhao.*

Dr. Mrs. Shraddha Deshpande and Mrs. Ruma Kapre joined the camp on second day i.e., on 19<sup>th</sup> jan., 2020.

In the evening before the dinner, some of the students participated in cultural programs. The cultural program includes skit, songs and dance. Many of the village children participated in cultural activities organized in NSS camp.

Dr. Akhilesh Peshwe, Principal, Dharampeth M. P. Deo Memorial Science College, Nagpur, visited the camp and motivated the students during the camp for their active participation in various activities

A rally was also arranged on 'Swachchha Bharat Abhiyan'. The following slogans were recited in the rally, Bapu ka ghar ghar pahuche sandesh, Swachchha aur sundar ho apna desh; Hum sabka yahi sapna, Swachchha Bharat ho apna; Dawayee se nata todo, Safayee se nata jodo; Desh apna saf ho, jisme sabka sath ho; Kadam se kadam milana hai, Bharat ko Swachchha banana hai.

A blood donation camp was organized by NSS Unit in the camp in association with Hedgewar Blood Bank, Nagpur. The facility of blood group identification, haemoglobin count, Blood Pressure (BP) count facilities were provided to the students as well as villagers during the blood donation camp. More than 25 units of blood were collected during this camp in the village. This will be helpful to save many lives as well as introduce the importance of blood donation among the students and villagers.

During the camp floristic survey of the village was undertaken and more than 150 plant species of angiosperms were identified from the village only. The plants identified will be studied and sorted as per their nomenclature. The booklet form of the village flora will be presented to Sarpanch in next visit of the village.

All the participants of the camp were appreciated for their active participation in the camp by providing the certificate of participation during the camp.

## One day visit to Bajaj Science Centre and

### Mahatma Gandhi Institute of Rural Industrialization Wardha.

A one day visit of B.Sc. students was organized on Tuesday, 4<sup>th</sup> September 2018 to Bajaj Science Centre and Mahatma Gandhi Institute of Rural Industrialization Wardha. Around 44 students of B.Sc. first, second and third year and B.Sc (H. Sc.) along with HOD Dr. Mrs. Seema Ubale, teacher Lt. Dr. Prashant Ambekar and laboratory staff Shri. Dilip Chaudhari, Shri. Shriram Paonikar and Shri. Gulab Pajai. Bus started in the morning and reached Wardha at 11.00 am after a short halt at Kelzar for breakfast.

First students visited Bajaj Science Centre. They were divided into 3 groups and the groups alternately visited the Physics, Mathematics and Chemistry laboratories. The communicators gave activities to the students based on simple and basic principles of science. There were experiments and demonstrations as well. Students enjoyed it thoroughly.

Then there was a small lecture on different aspects of science and applications from every day life, by Shri. Govind Lakhotiya, Assistant Professor, J.B. Science College, Wardha who is also holding the charge of director of the centre.

Next visit was to Mahatma Gandhi Institute of Rural Industrialization i.e. MGIRI. Here the students were appraised of the textile unit, processing of cotton into a thread, dyeing and printing of cloth. Another department was bio cosmetics department. Here the research is done to use natural products such as cow's milk, butter milk, ghee, urine and dung in cosmetics. It was very well explained by Dr. Agnihotri and he encouraged students to join the centre after graduation for further studies.

We started the return journey at 7.30 pm after having a lunch at Kelzar and reached Nagpur at 8.45 pm.

## VISIT TO HOSPITAL

---

**Place-Indira Gandhi Rugnalaya, Nagpur**

**DATE:- 13/10/2018**

A hospital visit was organized by college for the students of microbiology on the date of 13<sup>th</sup> of October, 2018. 45+16 students along with one teacher visited at the Indira Gandhi Rugnalaya at 10:30 pm. It was a quite big hospital when we entered the hospital we wear a mask our mouth and nose to avoid infection. First we visited the laboratory where all the work of staining of Tuberculosis was performed. Later the sir gave us demonstration on Tuberculosis. There are two types of Tuberculosis – Pulmonary Tuberculosis & Extra Pulmonary Tuberculosis, sir explained us that the Tuberculosis can happen in 2 or more organs at the same time. They explained us that Tuberculosis disease can be treated. The Indian Government is giving a free treatment to the patients of Tuberculosis but at some stages like MDR, HDR, TDR and diabetes they can't be treated as in such stages the Tuberculosis bacteria spread at all over the body of the patients because of which the patient's death rate of Tuberculosis has increased. After that Agrawal madam gave us the information about the Tuberculosis bacteria and the symptoms of Tuberculosis – There is cough for more than 2 weeks, loss of appetite and because of that loss of weight, sometimes the Tuberculosis infection in some patients causes about 20 kg loss of weight in one month, another symptoms of Tuberculosis is rise in temperature of body (fever) in evening. She explained us about its treatment by antibiotics – Isoniazid, Streptomycin and Rifampicin. She told us about its preventive measures to avoid Tuberculosis by regular diet and not to take fast food, junk food etc. She gave us the demonstration of staining of Tuberculosis and we observe the Tuberculosis bacilli under the microscope. She told us about another method of diagnosis of Tuberculosis by using Gene Technique, which gives result in 2 hours. Madam Agrawal explained us about different types of bacillus types of bacteria. It was a good experience to visit a hospital. It was a day of great learning for all of us.

## Report

### **Rashtriya Swadeshi Surksha Abhiyan- Say no to china products**

Dharampeth M. P. Deo Memorial Science College in collaboration with Vignyan Bharti organised a campaign on **Rashtriya Swadeshi Surksha Abhiyan- Say no to china products**. The main focus of this campaign was to create awareness amongst masses and an appeal for boycott of Chinese products. This campaign was organised in the interest of nation.

A lecture was arranged for the students to make them aware of this campaign. They were given information about the economical growth of china due to Indian market selling Chinese goods. Thus by saying no to china goods, and buying Swadeshi goods or products we can help to make our economy stronger, keeping in mind this fact , a visit to public places was arranged. The students were given pamphlets giving all information about economy of both countries and list of swadeshi products and were asked to distribute it amongst people.

A team of 17 volunteers from various groups participated for campaigning. The places selected for visits were NIT Complex, Majestic Heights covering near about 150 apartments. Approximately 60 -70 people had been contacted and were encouraged for boycott of Chinese products. The students were very enthusiastic; they interacted with the people and gave all the information about why to boycott Chinese products. These people appreciated the student's work and the response was very fantastic.

The students said they feel proud in doing such social work for nation's interest and said were always ready to do such kind of social work because it gives them a chance to learn about how to interact with people. The contribution of students was fabulous.

The team was headed by Dr.Vidya R. Kathoke (Dharampeth M. P. Deo Memorial Science College, Nagpur) and Dr. Pratiksha Patwari (Vignyan Bharti).
