Name of the coordinator: Dr.Mrs.Archana Kulkarni

Name of the Faculty: Dr. Mrs.Snehal Narale , Dr.Richa Bafna

Students Enrolled: 82

Students Passed: 71

Objective of the course:

- a. This certificate course is targeted towards imparting theoretical as well as practical knowledge and required skills of Bioinformatics to its participants.
- b. It provides basic knowledge of fundamentals of computing & networking and various operating systems like WINDOW, LINUX and UNIX.
- c. To provide insights to programming languages like BioPerl and BioJava in developing Bioinformatics tools.
- d. To introduce the students to Markup languages like HTML and XML.

Outcome of the course:

- a. Students will develop their skills regarding softwares used in Bioinformatics, different computational methods in biostatistics, biological databases for proteins and nucleic acids and its sequence analysis, prediction of protein structure, genome annotation, comparative genomics, health and drug discovery and microarray profiling.
- b. Students gain knowledge about Markup languages to develop basic web page.
- c. Students learn about basics of programming languages like C, CPP, JAVA, Bioperl etc which would help them to develop different tools in bioinformatics.

Students Enrolled: 43

Students Passed: 35

Objective of the course:

- This certificate course is targeted towards imparting theoretical as well as practical knowledge and required skills of Diploma in Bioinformatics to its participants.
- It provides basic knowledge of Sequence analysis, prediction methods of proteins, Functional Genomics and its applications.
- To provide insights to Derived Databases with its Sequence and Structure.
- To introduce the students to Various Data Models which are used for Data Storage.

Outcome of the course:

- After completion of this course many career opportunities are available for the students as Scientific Curator, Gene Analyst, Protein Analyst, Phylogeneticist, Molecular Modeller, Database Programmer and Structural Analyst.
- Students will understand the concept related to data, Meta data, Algorithms used for Analysis of the Data and representation of data using different data models.
- Students learn about basics of Sequence Analysis, Phylogeny, Protein Structure Prediction, Genome Mapping ,Data bases used for mapping and its applications in bioinformatics.

Students Passed: 104

Objective of the Course:

1. To understand and learn about a particular FOSS (Free and Open Source Software) Introduction to computers.
2. To understand the use of active learning method through online audio and video tools.
3. To develop and enhance students reading and listening ability.

Outcome of the course:

1. After the completion of this certificate course students can practically do setup the configuration of output devices like printer with the machine , along with this they will also get the knowledge about the functioning of basic parts of a computer, connecting the parts using cables.
2. Students will be able to work with the computer environment easily. They can enhance their communication computational skills.
3. After Completion of online assessment test students will get passing/completion certificate as well as participation certificate.
4. Students will be able to enhance their reading, listening Skills.
5. Students can enhance their employability skills at the end of the course.

Session 2021-22

Name of the Course: IIT Spoken Tutorial Certificate Course NMEICT, MoE Govt. of India]
Arduino

Name of the coordinator and Faculty: Dr. Mrs. Snehal Narale

Students Enrolled: 07

Students Passed: 07

Objective of the Course:

1. To understand and learn open source hardware, software and microcontroller tool kit.
2. To understand the use of active learning method through online audio and video tools.
3. To understand how to write, build and run own program code.
4. To develop and enhance students reading and listening ability.
5. To recognize how Arduino empowers creative minds to master technology and intuitively solve everyday problems.

Outcome of the course:

1. After completion of the course students will display the ability to write their own programs which help them for building digital devices and interactive objects that can sense and control physical devices.
2. After Completion of online assessment test students will get passing/completion certificate as well as participation certificate.
3. Students will be able to enhance their reading, listening and programming Skills.
4. Students can enhance their employability skills at the end of the course as hardware professional.

Name of the coordinator and Faculty: Dr. Mrs.Snehal Narale

Students Enrolled: 17

Students Passed: 6

Objective of the Course:

1. To understand an Open source Programming Language which help to build Website .
2. To study the use of active learning method through online audio and video tools.
3. To recognize the process of creation and connection of database in Mysql in easy steps.
4. To develop and enhance students programming ability.
5. To Demonstrate various MySQL database queries.
6. To understand the basic concepts of PHP and its applications.

Outcome of the course:

1. After completion of the course students develop their own applications and website.
2. After Completion of online assessment test students will get passing/completion certificate as well as participation certificate.
3. Students learn to unleash the true power of dynamic page development with MySQL database integration.
4. Students can enhance their employ-ability skills after concluding the course.
5. Students are also taught how to create database connections and to execute SQL statements directly from PHP scripts

Name of the coordinator and Faculty: Dr. Mrs.SnehalNarale
Students Enrolled: 23
Students Passed: 16

Objective of the Course:

1. To understand an Open source Graphics art and design software application equivalent of CorelDraw and Illustrator.
2. To analyze the use of active learning method through online audio and video tools.
3. To analyze the use of software in short and simple steps.
4. To understand how to replicate the instructions, build and run their own program code.
5. To develop and enhance students reading and listening ability.

Outcome of the course:

1. After completion of the course students can use Inkscape Graphics art and design software application for the editing and creation of original images, icons, graphical elements of web pages and art for user interface elements.
2. After Completion of online assessment test students will get passing/completion certificate as well as participation certificate.
3. At the end of this course student can work on desktop publishing like creating banners, posters, brochures, CD cover image, artwork for textiles, etc.
4. Students can enhance their employ-ability skills after concluding the course.

Name of the Coordinator and Faculty: Dr. Mrs. Snehal Narale

Students Enrolled: 08

Students Passed: 04

Objective of the Course:

1. To understand and learn about a particular FOSS (Free and Open Source Software) like, LibreOffice Suite base.
2. To understand the use of active learning method through online audio and video tools.
3. To develop and enhance students reading and listening ability.
4. To understand how Base caters to power users and enterprise requirements and providing native-support drivers for some of the most widely employed multi-user database engines like MySQL, MS Access and PostgreSQL.

Outcome of the course:

1. At the end of this course student trains in computer usage skills in Libreoffice suite base.
2. After the Completion of online assessment test students will get passing/completion certificate as well as participation certificate.
3. Students will be able to enhance their reading, listening and programming Skills.
4. Students can enhance their employ-ability skills at the end of the course.
5. Students will be able to understand full-featured desktop database front end which is designed to meet the needs of a broad array of user's .They can represent and store their information using this in a systematic manner.

Name of the Course: Certificate course in Vermicomposting And Vermiculturing

Name of Coordinator: Dr. Mrs. Kirti M. Paturkar

Student Enrolled: 23

Student Passed: 23

Objective of the Course:

- 1 Vermicomposting is eco-friendly activity as it does not contain chemical elements, to develop awareness among the people about vermicomposting and increase use of organic product.
- 2 To avoid use of hazardous chemicals and its adverse effect on the environment, soil, and plants.
- 3 To reduce Soil compaction by boosting the soil aeration and improve soil texture.
- 4 Owing to its high organic matter content, it improves the soil's water retention capacity
- 5 Better nutrient absorption and root growth are promoted by it
- 6 To find out both the micro and macronutrients of the different casts
- 7 To develop students interest in research activities.

Outcome of the Course:

- 1 The students will get the knowledge of vermicomposting and culturing
- 2 Students are able to work for oneself or develop business
- 3 Students get knowledge about organic farming.
- 4 Will help to maintain the environment pollution free and will get the knowledge of biodiversity of local earthworms.
- 5 Earthworm were released in the vermibeds by the students
- 6 Student attended workshop on the vermicomposting and vermiculturing in the college premises.
- 7 Waste collected and utilised for the vermicomposting by the students.
- 8 Students maintained the vermibeds throughout the year.
- 9 It develop awareness about solid and nutritional waste management among the students

Objective of the Course:

1. Impart knowledge about fundamentals of inland fisheries practices so as to increase fish production to meet protein malnutrition as well as providing job opportunities
2. Train manpower for the development of inland fisheries.
3. Impart knowledge for developing proficiency and management practices in food fishes
4. Train personnel in natural seed collection and bundh breeding.
5. Train personnel for improving reservoir fisheries.
6. Develop young entrepreneurs for self-employment through different farming schemes.
7. Develop organizational capabilities in fisheries workers for assisting fishermen

Outcome of the Course:

- 1 Students get knowledge about fresh water fisheries, fish breeding and their development.
- 2 Students get opportunities in fisheries sector.
- 3 Students may get involve as hatchery operator.
- 4 It can also open an opportunity as Fish Seed producer and supplier.
- 5 May get employment in central and state fishery departments.
- 6 Students can work as a Fish Breeder and can develop a lab for the same.
- 7 Demonstration on pond ecosystem has been conducted in the college premises.

SESSION: 2021-22

Name of the Department	:	Mathematics
Name of Co-Ordinator	:	Dr. N. P. Gaikwad
Name of the Faculty	:	Mr. Swapnil Chandankhede
No. of Students Enrolled	:	14
No. of Students Passed	:	10

OBJECTIVES OF CONDUCTING

- The basic objective of Vedic Mathematics is to make mathematics easy and interesting.
- students become conceptually strong in Mathematics and able to solve complex mathematical problems faster and easier.
- To make mathematics fun filled and arise interest.
- To increase the speed and accuracy in various competitive and placement exams.

LEARNING OUTCOME

At the end of the course,

- Students become conceptually strong in Mathematics
- Increases speed and accuracy;
- Improved academic performance and instant results;
- Sharpens your mind, increases mental agility and intelligence;
- Increases visualization and concentration in children;
- Become a mental calculator.

Number of Students Passed: 63

Objective of the Course:

- 1) Organize data in an easy-to-navigate way
- 2) Do basic and complex mathematical functions
- 3) Turn piles of data into helpful graphics and charts
- 4) Analyze data and make forecasting predictions
- 5) Create, build, and edit pixelated images (yes, creatives use it, too!)

Outcome of the Course: -

- 1) Identify the different components of the Excel worksheet
- 2) Use spreadsheets for creating, storing, and retrieving data.
- 3) Create charts for effectively presenting data
- 4) Representation of data in Pivot Charts and Tables
- 5) Use problem – solving skills to design spreadsheets
- 6) Enter Text, Lookup, Statistical functions and formulas in to an Excel spreadsheet
- 7) Use of applying validation on data
- 8) Generating MIS Reports
- 9) Use of Banking formulas in spreadsheet.

Name of the Course: **Vermicomposting And Vermiculturing**

Name of the coordinator/Faculty: Dr. Kirti M. Paturkar

Students Enrolled: 71

Students Passed: 71

Objective of the course

- Vermicomposting is eco-friendly activity as it does not contain chemical elements, to develop awareness among the people about vermicomposting and increase use of organic product.
- To avoid use of hazardous chemicals and its adverse effect on the environment, soil, and plants.
- To reduce Soil compaction by boosting the soil aeration and improve soil texture.
- Owing to its high organic matter content, it improves the soil's water retention capacity
- To find out both the micro and macronutrients of the different casts
- To develop students interest in research activities.

Outcome of the course:

- The students get the knowledge of vermicomposting and culturing
- Students are able to work for oneself or develop business
- They will also turn towards organic farming.
- Students developed skill to generate variety of vermicast from variety of waste and analyzed its nutritive elements.

Name of the coordinator: Dr. N. P. Gaikwad

Name of the Faculty: Dr. N. P. Gaikwad

Mr. Sunil Patankar

Students Enrolled: 64

Students Passed: 64

Objective of the course:

Globally we are facing a crisis in Math education. Math phobia is prevalent globally among students, teachers and even parents. There is an acute scarcity of math teachers around the world so much so that no one wants to become a Math teacher anymore. So the objective is to make math fun filled and arise interest which in turn will increase the speed and accuracy in various competitive and placement exam.

The basic objective of Vedic Mathematics is to make mathematics easy and interesting. After attending the course, students become conceptually strong in Mathematics and able to solve complex mathematical problems faster and easier.

Outcome of the course:

- At the end of the course students will improved academic performance and instant results.
- After the course of 90 hours, sharpens students minds, increases mental agility and intelligence;
- After 90 hours of training, increases visualization and concentration in students.

Objective of the course:

LaTeX is a document preparation system for high-quality typesetting, which is preferably used for technical/scientific papers writing for journals by researchers, engineers and mathematicians at large. The typesetting system offers programmable writing features and extensive facilities for automating most aspects of typesetting. Some useful features of LaTeX are:

- Typesetting of journal articles, technical reports, thesis, books, and slide presentations.
- Control over large documents containing sectioning, cross-references, tables and figures.
- Typesetting of complex mathematical formulae.
- Advanced typesetting of mathematics with AMS-LaTeX.
- Automatic generation of table of contents, bibliographies and indexes.

Outcome of the course:

- At the end of the course students will write mathematical documents via LaTeX.offline
- After the course of 90 hours, students write documents containing mathematical formulas, graphs, figures and presentation using LaTeX.
- After 90 hours of training students is able to write articles in different journal styles.

Introduction to Computers

Name of the coordinator and Faculty: Mrs. Snehal Narale

Students Enrolled: 77

Students Passed: 35

Objective of the Course:

1. To understand and learn about a particular FOSS (Free and Open Source Software) Introduction to computers.
2. To understand the use of active learning method through online audio and video tools.
3. To develop and enhance students reading and listening ability.

Outcome of the Course:

1. After the completion of this certificate course students can practically do setup the configuration of output devices like printer with the machine . along with this they will also get the knowledge about the functioning of basic parts of a computer, connecting the parts using cables.
2. Students will be able to work with the computer environment easily. They can enhance their communication computational skills .
3. After Completion of online assessment test students will get passing/completion certificate as well as participation certificate.
4. Students will be able to enhance their reading, listening Skills.
5. Students can enhance their employability skills at the end of the course.
