

B.Sc. (Statistics) SEMESTER- I

Paper 2 (DESCRIPTIVE STATISTICS - I)

Unit 1

Types of data: <https://youtu.be/uNtV9WfBFwc>

Different types of scales: <https://youtu.be/dOew5987Gvg>

Methods of data collection: <https://youtu.be/WNZP7NAURLg>

Unit 2

Controlled experiment, observational studies : <https://youtu.be/2OnduwEujlk>

Sample survey and population census : <https://youtu.be/a1HZLIMOoLI>

Analysis of categorical data: <https://youtu.be/yOfkSa-2wgA>

Unit 3

Presentation of data: <https://youtu.be/vKEgGf7cROM>

Formation of frequency distribution of discrete and continuous type :
<https://youtu.be/QxW533R7dqY>

Construction of stem and leaf chart: <https://youtu.be/5IPAoHczvwQ>

Unit 4

Diagrammatic representation of data: <https://youtu.be/sPH0re3iHpU>

Graphical Unit IV representation of grouped data : <https://youtu.be/HO2n0NnRTM8>

Cumulative frequency diagrams and ogives: <https://youtu.be/dXt84mJA6PY>
