

7.1.1: Measures initiated by the Institution for the promotion of gender equity during the year.

ANNUAL GENDER SENSITIZATION ACTION PLAN

- We welcome students from all genders and socioeconomic backgrounds because we are a coeducational college located in the western part of Nagpur. Regardless of gender, the institute is committed to producing intelligent, capable professionals. Throughout the semesters, several activities are planned, including Republic Day, Independence Day, Constitution Day, Yoga Day, Cultural Fest, Sports, NCC, NSS, and many more. Girls students have been involved in a lot of these events.
- The Women Cell is a special cell inside the institute. All responsibilities primarily related to women are completed by the cell. We can declare with pride that no woman on campus is refused access to any facilities or resources. However, we also support the pass-out students in addition to the current students if it is thought fit for promotion. A great example are Ms. Priya Sarve and Ms. Janhavi Kadu. In appreciation for Priya's skill and perseverance in her sport of archery, we have granted her practice space in addition to unrestricted use of our library and internet resources. The physics lecturers have given her advice regarding the dynamics of the arrow's movement. This exercise is carried out at each session so that each stakeholder can take part in every programme. Our college's skating girl, Ms. Janhavi, competed at the national level and won medals as well. Authorities, former students, and instructors have all provided her with financial assistance.
- Anti-sexual harassment cell: To investigate any odd cases of harassment on campus, we have established an anti-sexual harassment cell. The cell looks for complaints about anything, including sexual harassment-related subjects. The fact that no such complaint has been made indicates how welcoming and inclusive the campus is for people of all genders.
