

DHARAMPETH M. P. DEO MEMORIAL SCIENCE COLLEGE NAGPUR

7.1.1: *Measures initiated by the Institution for the promotion of gender equity during the year.*

SPECIFIC FACILITIES PROVIDED FOR WOMEN

The Institute promotes gender awareness through several programmes to provide a safe, secure, and healthy environment on campus. Initiatives to advance gender equity are organized on campus.

- The college has a CCTV system in place. The anti-ragging cell is regularly looks after any unforeseen activity. We have fire extinguishers to handle any unforeseen circumstance. Statutory committees such the women's cell, grievance redressal, and anti-sexual harassment are made up of female faculty members and are in accordance with university policies and the UGC. Concerns can be submitted by professors and students in the suggestion or complaint boxes located in strategic locations. The college also provides cyber security workshops for interested parties on demand.
- The Institution is in charge of overseeing the mentor-mentee initiative. Every faculty has 15–20 students available for mentoring. In addition to academic counselling, they also provide psychological and individual support. This strengthens the relationship between the mentor and the mentee and helps the mentor understand the general character of the learner.
- There is a fully furnished common room for women; although the institution does not have a nursery facility, it is hoping to establish a relationship with a nearby crèche.
- Any further relevant information: Most importantly, we admit students based on their academic performance rather than discriminating against them based on their gender. We only promote students based on their academic standing at our annual meeting. Unless specifically asked, Ms. or Mr. are not written throughout the enrollment process by the university. Students can opt to work on experiments with their selected partners in the classroom or they can choose to sit with their friends. The children have received instruction on personality development, which encompasses guidance on appropriate behaviour while interacting with others of the opposite gender. Programmes like as NCC, NSS, sports, cultural, educational outings, planting trees, plastic recycling workshops, and many more at the institutional, university, and higher levels allow coed participation. Male and female students can be represented in academic and administrative committees, aside from the NSS, NCC, Rotract Club, etc.
