

## DHARAMPETH M. P. DEO MEMORIAL SCIENCE COLLEGE NAGPUR

### 7.1.5: Green campus initiatives include

1. **Restricted entry to automobiles:** Cars can only park on campus in the spots near the main entrance. However, for those with physical limitations, we do allow their cars on campus.
2. **Use of Bicycles/ Battery powered vehicles:** We have provided bicycles to all stakeholders who use Nagpur Metro to travel for free from their houses to their Institution in an effort to decrease the use of cars even further. This is an environmentally beneficial and practical mode of transportation.
3. **Pedestrian Friendly-pathways:** The premises have pedestrian friendly pathways.
4. **Ban on use of Plastic:** To achieve environment friendly campus, we have made a policy to ban single use plastics within the premises.
5. **Landscaping with trees and plants:** The institute promotes tree planting on campus each year in an effort to improve the environment. We have a lovely botanical garden in addition to the other trees that are planted throughout the site. We also make every effort to send staff members and students off campus to participate in tree-planting initiatives. We have a lovely custom of presenting plant saplings to visitors and coworkers on certain occasions.
